Thank you for your interest in New Vision Christian School. It is our goal to offer the community an option for their children's educational needs. We believe that children are a gift from God. We believe in training them in Christian character and teaching them to be articulate and knowledgeable. It is our goal to provide a traditional education based on America's educational heritage and support biblical beliefs such as accountability, respect for authority, and Godly character.

Our students will be challenged academically in science, history, language arts, math, phonics/reading, and Bible. They will receive one on one attention tailored to meet areas that they have previously struggled in. It is our vision to offer a creative, hands on approach to learning that will advance struggling students and challenge those who are performing above expectations.

We are pleased to announce that enrollment for the upcoming school year has now begun. We hope that you have prayerfully reviewed our goals and believe that NVCS is the right choice for your child's education. We are happy to answer any questions that you may have.

Please let us know if we can be of further assistance.
